

INTERIOR MOUNTED RETRACTABLE SOLAR SHADES

# Interior Shades

RELAX AND ENJOY COOL COMFORTABLE SHADE

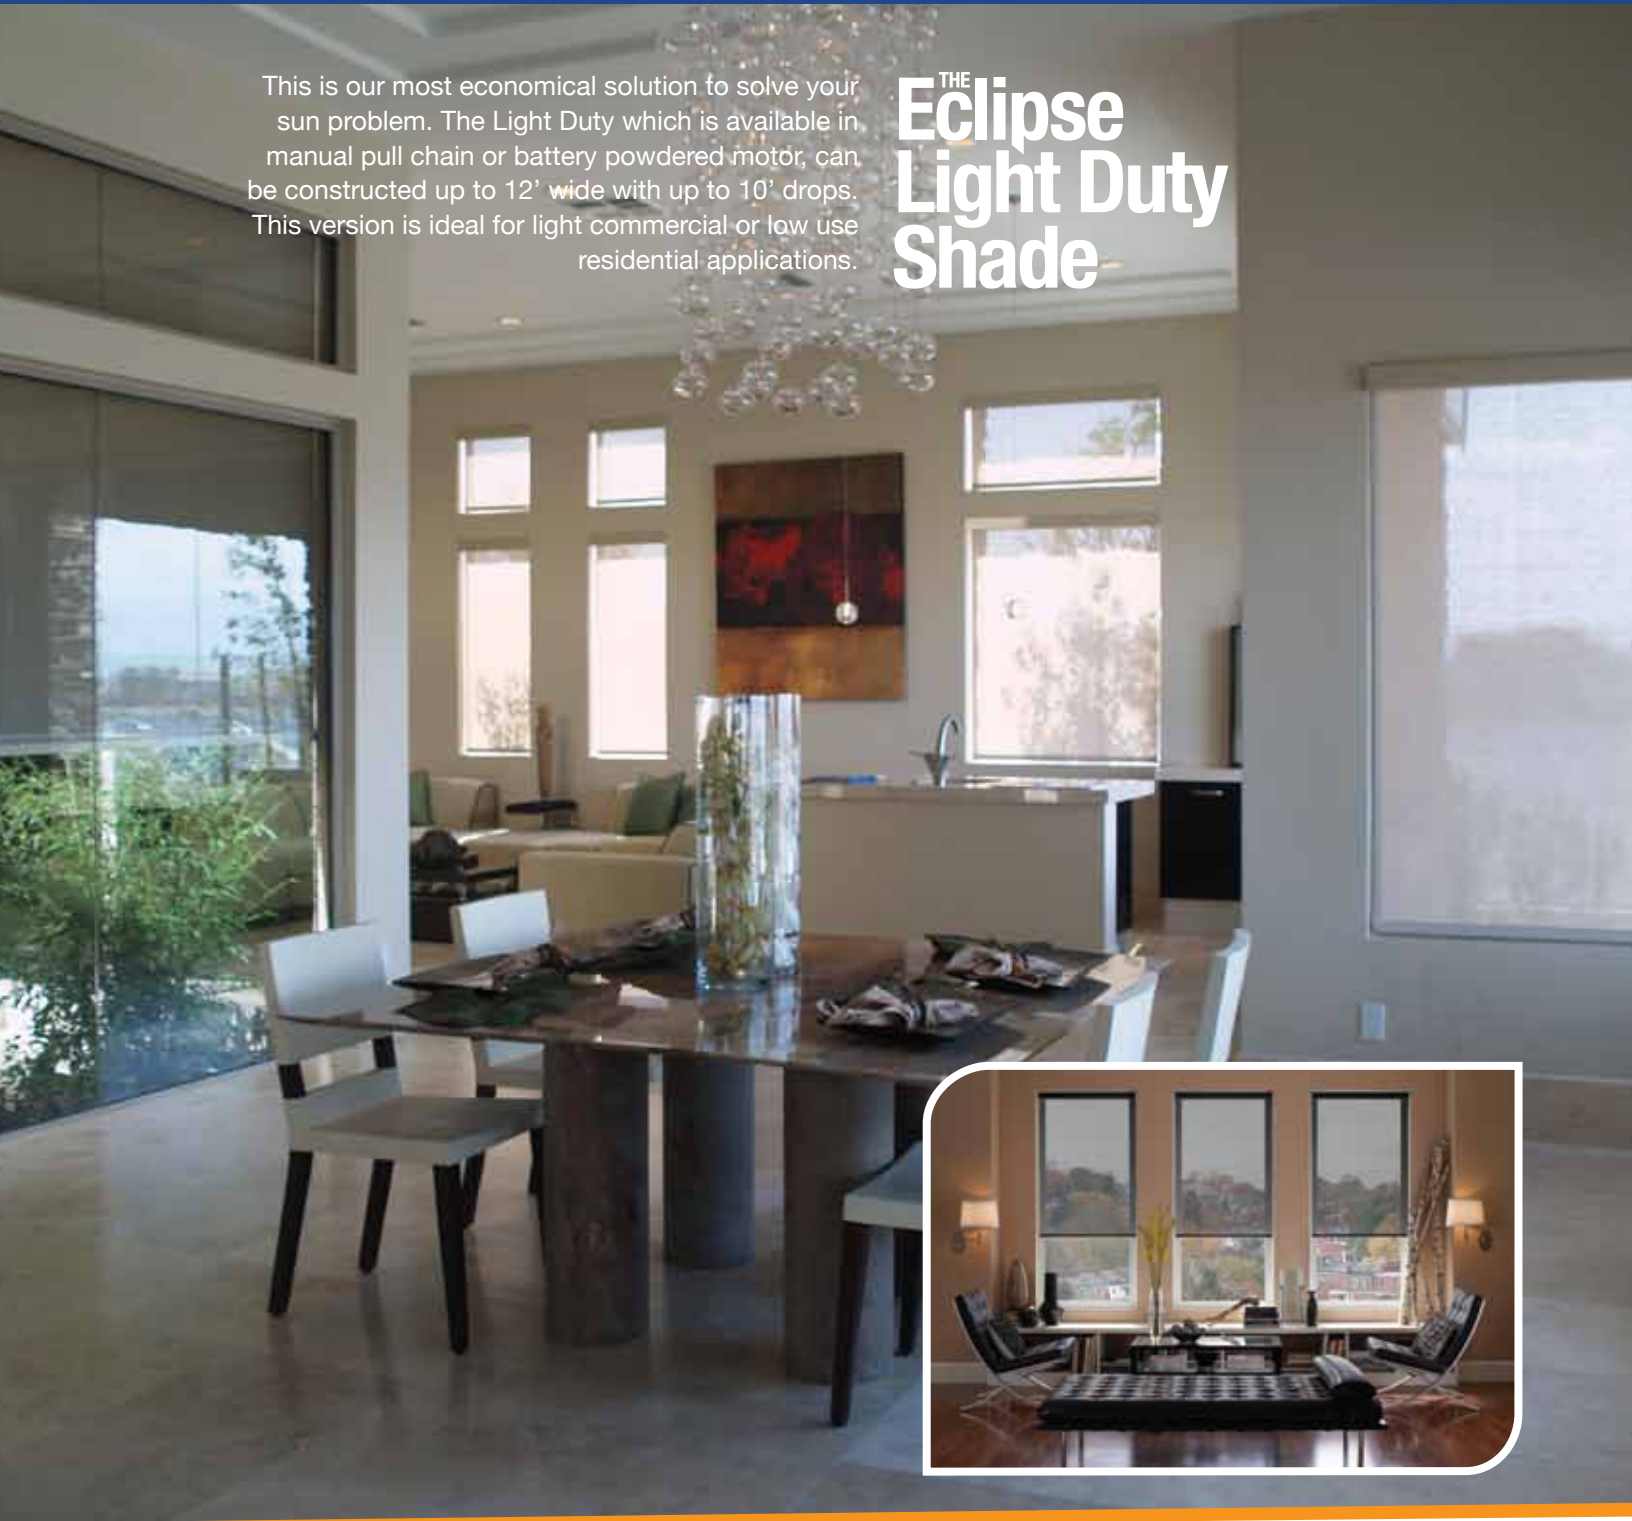

THE ULTIMATE SUNBLOCK®

## Sun Control On Your Terms

Enjoy the effective energy control of Eclipse shades while maintaining your beautiful view. Interior mounted shades will not only reduce your cooling costs and manage ambient light, but will also manage the sun's damaging effects on your furniture, carpets and valuables.

This is our most economical solution to solve your sun problem. The Light Duty which is available in manual pull chain or battery powdered motor, can be constructed up to 12' wide with up to 10' drops. This version is ideal for light commercial or low use residential applications.

## THE Eclipse Light Duty Shade

**Automated “Sunglasses” For Your Window**

# Interior Shades

Motorized Eclipse shades can be deployed during high sun periods to reduce direct light and glare as well as manage ambient light. You'll be able to enjoy your view without the harsh direct sunlight. Because our shades are fully retractable, you determine when you need them to perform for you. Your motorized shades can be installed to work independently, in concert with other shades or function automatically with sun and room temperature sensors – how cool is that!

## PRODUCT HIGHLIGHTS

- Several models to choose from
- Width up to 14 feet
- Drop up to 16 feet
- Controls natural light
- Reduce cooling costs & sun glare
- Motorized, manual or fully automated
- Custom made & professionally installed

# THE Eclipse Duo Shade

The Duo Shade provides the best of both worlds by utilizing dual rollers with two different fabrics. The first sheer fabric is designed to filter the sun while the other fabric is opaque, ideal for turning your room from day to night. The Eclipse Duo Shade is perfect for media rooms or wherever privacy is desired at a touch of a button. The Duo Shade is custom made in widths up to 14' and drops up to 10'.

**MERMET**

## Electronic Accessories

Eclipse shades are available in a variety of options to meet your needs – from battery powered to whisper quiet hardwired motors. We utilize industry leading Somfy motors, which are designed to tie into home automation systems as well as function with wireless sensors, greatly increasing the effectiveness of your shades.

## Wide Array Of Fabrics To Choose From

Eclipse shades are available in a wide variety of colors and openness factors to provide the sun control that best meets your needs and blends harmoniously with your décor. We offer GreenGuard fabrics from Mermet which are certified for schools and building construction for sensitive environments and the prevention of mold and moisture.
